## White Star Farms

### Stalls: 1 2 3 4 5

White Star's offers a variety of stall sizes depending on your horse's size and needs. There is a barn that is structured for the proportions of a large horse as well as a barn for small horses and ponies.

### Tackroom: 1 2 3 4 5

This airconditioned tackroom includes brushes, flyspray, replaceable parts for equipment and a medicine cabinet for both horse and rider. Tack is kept clean and organized, although the saddle racks could be of better quality.

### Pastures: 1 2 3 4 5

The property features 5 medium sized pastures that stand side by side. There are few rocks and the quality of the grass is overall good, although horses are not turned out on weekends in order to allow the grass to grow. Otherwise, horses are turned out every day and are brushed upon entering the barn after turnout.

### Ambience: 1 2 3 4 5

White Star's ambience is unmatched. The breathtaking scenery along with the relaxed, friendly atmosphere makes anyone feel like they are in a fairy land far away. Anybody who steps onto the property tends to forget about all their worries and just enjoy their surroundings, whether they enjoy horses or not.

### Staff: 1 2 3 4 5

The staff includes three grooms, a barn manager, a trainer, and an onsite employee. People who work at white star genuinely care for horses, and you can tell that it isn't just a job for them. Horses have round the clock care, seven days a week.

### Lounge: 1 2 3 4 5

The lounge is clean, comfortable, and airconditioned. It features a two restrooms, a couch, television, dining table and chairs, microwave, bathroom, and even a laundry machine incase riders and boarders have any tack that needs to be washed.

### Hay/Feed: 1 2 3 4 5

Each horse at White Star has a custom meal plan depending on it's needs, some horses are fed once a day and others are fed lunch and snacks, whatever works best for them. Horses are only fed the highest quality feed and all is included in the full board price of \$550.

### Arenas: 1 2 3 4 5

There are two arenas on property. The larger arena is the size of a standard show arena and is grounded with grass as well as a sand border. There are trail obstacles and jumps for riders use. The second arena is the round pen which is covered, lit, and air conditioned.

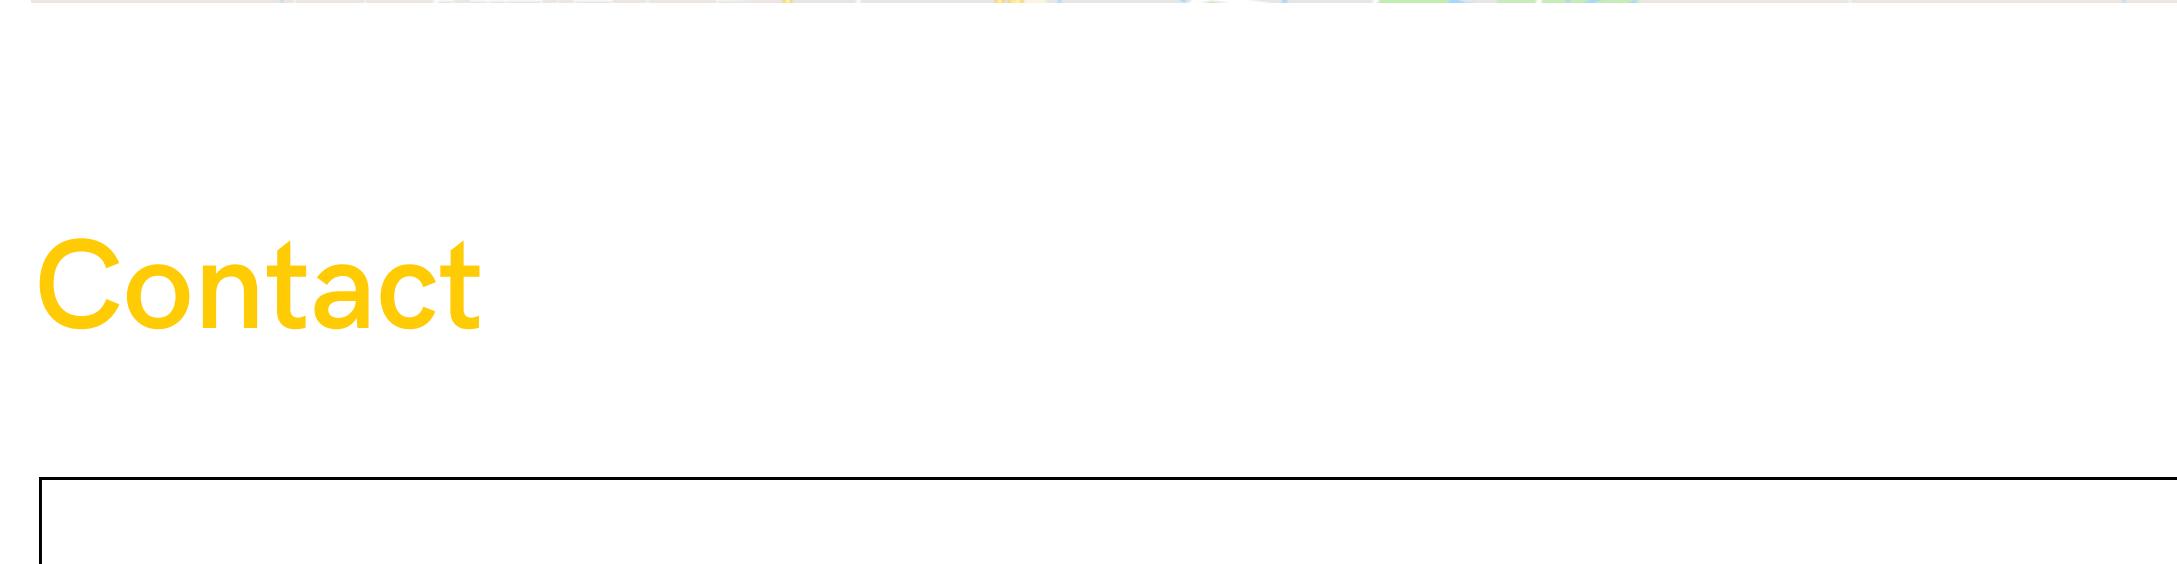

### Maintenance: 1 2 3 4 5

The facility is kept clean and neat at all times. Attention is given daily to both the barn, onsite trails, arena and round pen, as well as the riders lounge.

### Restrooms: 1 2 3 4 5

There are two restrooms located in the riders lounge which are spacious, modern, and cleaned daily.

## Hacienda Isabella

### Stalls: 1 2 3 4 5

Miami International Riding Club's stalls are large, modern, state of the art stalls which are both beautiful and modern including automatic water feeders, rubber padding, clean shavings, and an individual fan for each horse.

### Tackroom: 1 2 3 4 5

This barn features three fully equipped tackrooms. One is exclusively for boarders, another is for lessons only, and one mutual tackroom for both. All tackrooms are new, clean, and organized.

### Pastures: 1 2 3 4 5

This property features numerous large pastures. Horses are normally turned out individually either during the day or night depending on what works best for borders and horses. If horses are turned out at night then they are fed and accommodated in their pastures. There is, however, very little grass in most pastures and for some there are too many rocks.

### Ambience: 1 2 3 4 5

Although this is a stricter training facility, the barn is kept fun and lively, offering its students monthly show experiences as well as field trips and family oriented activities. The facility includes various spots for riders to relax and enjoy the space, such as their koi pond at the front of the facility.

### Staff: 1 2 3 4 5

This large training and boarding facility is family owned and run. The owners of the barn are a mother and daughter and have also hired two additional coaches for their lesson program. Apart from trainers, there are various grooms, some of which live onsite.

### Lounge: 1 2 3 4 5

Although there is no designated lounge, the air conditioned tackrooms do have couches for students and boarders to sit in and cool off from a ride. Apart from that, there are tiki huts adjacent to the arenas that allow you to sit in the shade and observe lessons.

### Hay/Feed: 1 2 3 4 5

Horses at Miami International Riding Club are two to three times a day depending on your horses needs. The barn uses Nutrena Elite feeding products and gives horses hay two to three times a day depending on your horses needs.

### Arenas: 1 2 3 4 5

The property features two arenas and two round pens. The arena's have dimensions of 230 x 175 feet and 100 x 200 feet. Both have numerous different kinds of jumps for riders use.

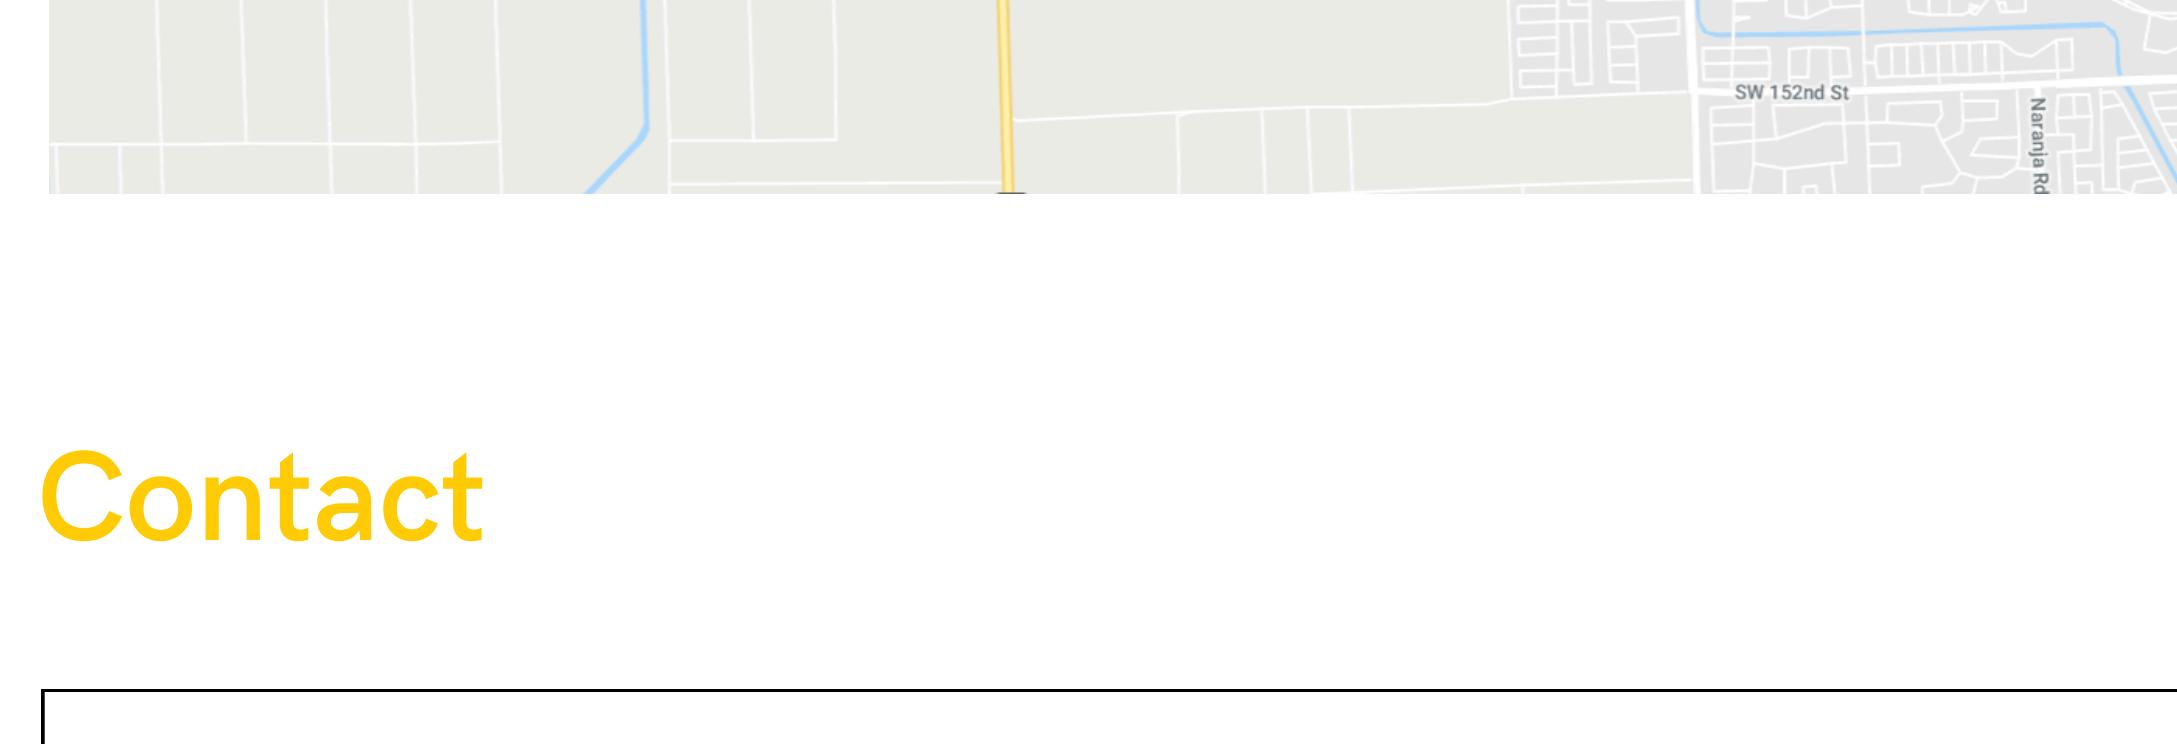

### Maintenance: 1 2 3 4 5

The facility is kept clean and organized by its many grooms and staff. Stalls are cleaned one or two times daily depending on board choice, standard or deluxe.

### Restrooms: 1 2 3 4 5

This barn features airconditioned restrooms and showers which are airconditioned and kept clean for rider and boarder use.
